Lenovo

ThinkPad P16v Gen 1 (Intel)

Power through resource-heavy tasks with this ThinkPad, featuring a 13th Gen Intel Core i9 processor, designed for experts like data analysts, graphic designers, editors and merchandisers. Benefit from up to 96GB memory for seamless multi-tasking across applications, even with multi-monitor setups. Accommodate sizable data sets easily with up to 4TB storage. Experience crisp, precise visuals with WQUXGA (3840x2400) display, anti-glare surface, ideal for product managers working on media files or statistical data.

Professional machines for advanced users

Designed for business users who tackle compute-intensive workflows. With professional-grade graphics and powerful, multi-core processors, Lenovo sets the standard for mobile workstations and ensures best-in-class reliability even when you're away from the office.

Experience superior audio quality with High-Definition Audio chip and Dolby Premium speakers, perfect for sound engineers working on their next tracks. The Dolby Voice Dual-array, far-field microphone captures clear audio, essential for professionals attending virtual meetings, conferences or events.

Up to 14 core-Intel Core i9 processors and onboard Intel Iris Xe graphics, with discrete NVIDIA RTX GPU graphics, means it's designed to handle data-heavy and complex spreadsheets or statistical software.

Powerful NVIDIA RTX 2000 Laptop GPU graphics (discrete) in a 16" screen, plus with a strong 13th gen Intel Core i9 processor, make it ideal for graphic designing and illustration.

ThinkPad P16v Gen 1 (Intel)

Performance

Processor
11th Generation H series Intel Core i5/i7/i9 processor

Operating System

Windows 11 Pro
Windows 11 Home
Windows 11 Single Language
Windows 11 DC Windows 10 Pro 64-bit
Linux
Ubuntu Enterprise Linux (certified only)

Graphics

Intel Xe Graphics eligible (integrated)
NVIDIA RTX A500 Laptop GPU
NVIDIA RTX A1000 Laptop GPU
NVIDIA RTX 2000 Ada Generation Laptop GPU

Intel Xe Graphics capability requires system to be configured with dual-channel memory. On the system configured with single-channel memory, Intel Iris Xe Graphics will be used as Intel UHD Graphics.

Memory
16GB DDR5-5600, 2x SO-DIMM

Storage
1TB M.2 2280 PCIe NVMe SSD
7TB support

Storage capacity supported is based on the test conditions with current Lenovo storage offerings.

Audio
High Definition (HD) Audio
Premium speakers
Microphone array, far-field, Dolby Voice*

Lenovo Services

Lenovo delivers tailored sustainability services, devices, and infrastructure solutions from our broad portfolio, working closely with you to support your target outcomes across the IT lifecycle..

Accessories

Lenovo Essential Wireless Keyboard & Mouse Combo

- Simple design that is comfortable for all day use and tough enough to handle spills
- Convenient and easy to use wireless connection
- Quality typing experience with quiet key strokes and a full-size number pad

PN: 4X30M3945B - US Eng

Thinkpad Universal USB-C Smart Dock

- Access to multiple 4K monitors, and blazing-fast data transfers with USB-C and USB-A
- Supports both Thunderbolt™ 3 and 4, USB 4™ and USB-C, and extended compatibility with a wide range of brands and Multi-OS notebooks
- 11+ expansion possibilities in a single quick-release cable for maximum efficiency

PN: 40B2013

Return To Depot Repair Warranty

- No-hassle repair process at a Lenovo service center
- Lenovo pays for all shipping between the customer and service facility
- Avoid unplanned operational expense with a simple annual fee

Meet Microsoft Surface Go 3

Full-access flexibility for your federal agency

Your frontline workers are your eyes and ears in the field, and they need flexibility to show you their point of view. Whether checking off tasks, handwriting notes on screen, capturing photos in Tablet mode, typing field reports in Laptop mode, or doing a video consult in Microsoft Teams,* Surface Go 3 helps your workers get the job done.

Designed for work on the go

Speed through tablet-and-digital pen tasks with touch and Surface Pen.* Tune in to virtual meetings and how-to videos with the 10.5" PixelSense™ Display. Surface Go 3 is compact and delivers all-day battery life² for work on the go.

Your connection to customers

Surface Go 3 enables you to keep lines of communication open with a faster processor, stable connectivity with optional secure LTE Advanced¹, fast Wi-Fi 6, and seamless interactions with essential Microsoft 365 apps.*

Work more securely, on your terms

Whether you need to physically disable cameras or just want to better secure all aspects of your corporate endpoints, **Surface Enterprise Management Mode (SEMM)** provides a scalable deployable utility to meet this need. Administrators can selectively choose to enable or disable hardware-based components, in addition to boot options, on a per-device basis—all secured via PKI.

Equipped for government use

Protect your device with the **Kensington BlackBelt Rugged Case*** with Integrated CAC Reader, and military-grade drop protection or the **IOGEAR Smart Card Reader Hub for Surface***. These FIPS 201-compliant smart card readers provide a highly secure connection to your network.

Disclaimer

* Sold separately. Software license required for some features.

¹Surface Go 3 with LTE Advanced is coming in 2022. Visit [Surface.com](https://surface.com) for updates on availability in your market. Availability may vary by market and configuration. Service availability and performance subject to service provider's network. Contact your service provider for details, compatibility, pricing, SIM card, and activation. See all specs and frequencies at surface.com.

²Battery life varies significantly based on usage, network and feature configuration, signal strength, settings and other factors. See aka.ms/SurfaceBatteryPerformance for details.

¹ Requires Dolby Vision® encoded content and video.

² Battery life varies significantly based on device configuration, usage, network and feature configuration, signal strength, settings and other factors. See [here](#) for details.

³ Components available through your Surface Commercial Authorised Device Reseller. Components can be replaced on-site by a skilled technician following Microsoft's Service Guide. Microsoft tools (sold separately) may also be required for repair. Opening and/or repairing your device can present electric shock, fire and personal injury risk and other hazards. Use caution if undertaking do-it-yourself repairs. Device damage caused during repair will not be covered under Microsoft's Hardware Warranty or protection plans.

⁴ System software uses significant storage space. Available storage is subject to change based on system software updates and apps usage. 1GB = 1 billion bytes. 1TB = 1,000GB. See [Surface.com/Storage](#) for more details.

⁵ Requires Dolby Atmos® encoded content and video.

⁶ Microsoft's Limited Warranty is in addition to your consumer law rights.

⁷ Weight not including Surface Pro Signature Keyboard and Surface Slim Pen 2 (sold separately).

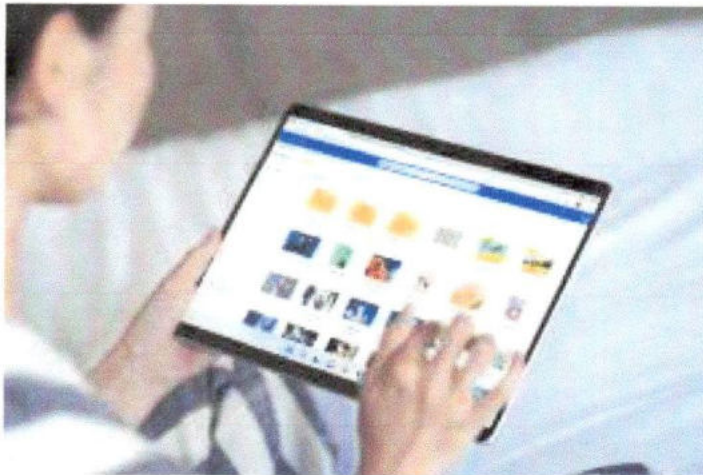

2-in-1 flexibility for maximum impact

Enable true flexibility with the tablet that can replace your laptop, and even create a full desktop setup with multiple monitors — all on a stunning, virtually edge-to-edge 13" PixelSense™ touchscreen designed for pen and Windows 11.

Performance by your definition

Choose the performance employees need for the work they do with either Intel® Evo™¹ or Microsoft SQ® 3 with 5G.² Surface Pro 9 has the next-level performance employees expect, the battery life³ they depend on, and compatibility with accessories that enable them to work anywhere.

Super secure and ultra-fast with 5G

5G makes the introduction, and industry-leading innovation closes the deal. Video calls feel more personal with AI-enabled, enhanced camera experiences – and at ultra-fast 5G speed, connectivity is more reliable, too. Built-in security with Microsoft Pluton protects sensitive data. The next generation of the Microsoft SQ™ 3 processor makes it all possible.

Deploy, manage, and stay secure from anywhere

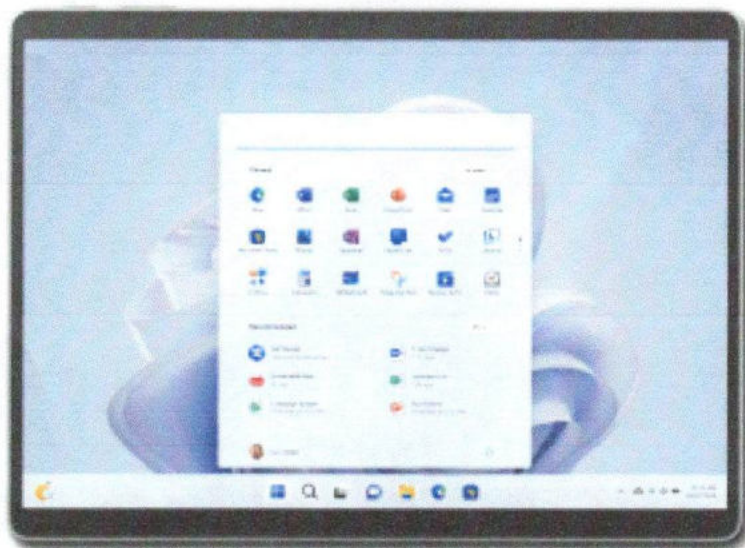

Give IT peace of mind knowing that that your company, customer, and employee data are safe and secured with a Windows 11 Secured-core PC. Surface customers save time and money with streamlined deployment, modern device management, and built-in, cloud-powered security. Empower people, data, and systems with connected experiences from Surface and Microsoft 365.

¹ Surface Pro 9 with 12th Gen Intel® Core™ processors and storage of 256GB and above are built on the Intel® Evo™ platform.

The most powerful Pro

Empower flexible, all-day impact with tablet portability and laptop performance. Teams may work apart, but Surface Pro 9 keeps them connected with optional 5G,¹ enables work on their terms with built-in security, and delivers the power they need to succeed for your company and your customers.

Surface Pro 9 for Business

The most powerful Pro

Surface Go 3 with LTE Advanced is a pre-release product and features are subject to change and may vary by country/region. Products and features subject to regulatory certification/approval; actual sale and delivery is contingent on compliance with applicable requirements.

* Sold separately.

¹System software & updates use significant storage space. Available storage is subject to change based on system software and updates and apps usage. 1 GB = 1 billion bytes. 1 TB = 1,000 GB. See [Surface Storage](#) for more details.

²Surface Go 3 battery life: Up to 11 hours of battery life based on typical Surface device usage. Testing conducted by Microsoft in August 2021 using preproduction software and preproduction configurations of Surface Pro 8. Testing consisted of full battery discharge with a mixture of active use and modem standby. The active use portion consists of (1) a web browsing test accessing 8 popular websites over multiple open tabs, (2) a productivity test utilizing Microsoft Word, PowerPoint, Excel, and Outlook, and (3) a portion of time with the device in use with idle applications. All settings were default except screen brightness was set to 150nits with Brightness disabled. Wi-Fi was connected to a network. Tested with Windows Version 11.0.22000.9 (21H2). Battery life varies significantly with settings, usage and other factors.

³Requires license or subscription to activate and use.

⁴Activation required. If your device is managed by your organization's IT department, contact your IT administrator for activation. After 30 days, you will be charged the applicable monthly or annual subscription fee. Credit card required. Cancel any time to stop future charges. See <https://aka.ms/m365businesstrialinfo>.

⁵Surface Go 3 with LTE Advanced is coming in 2022. Visit surface.com for updates on availability in your market. Availability may vary by market and configuration. Service availability and performance subject to service provider's network. Contact your service provider for details, compatibility, pricing, SIM card, and activation. See all specs and frequencies at surface.com.

⁶Microsoft's Limited Warranty is in addition to your consumer law rights.
